CVQG Craft Table Rules - 2011

1. Form must be filled out completely. Crafters will receive 80% of sales unless you are not volunteering in some capacity or not a guild member – then you will receive 70%. Please figure this into your price. You may volunteer anywhere in the show, not just at the craft table.

2. Items for sale must be quilt-related or craft items. Baby quilts may be sold but not wallhangings. If you have a question, please contact Shirley Fuller 872-9973. You must have each item tagged with your price and your initials using a small safety pin. Please make sure tags are secure on items so that they do not fall off. Labels that stick on may fall off and make accounting difficult when items are sold.

3. Items may be dropped on Friday at the Fieldhouse at Shelburne and checked in by a Craft Table staff. Check in and check out will be with the crafter and Craft Table staff. As each item is checked in, a staff member will initial the form. The same applies with checkout. If an item is sold, the "sold" column will be checked off by staff. A check for the item owed the crafter will be mailed by the guild treasurer after all Quilt Show tabulations are done. Craft table items may not be picked up until the close of the Show on Sunday.
